EDUCATION

University of California, Davis **Expected Graduation: June 2028**
B.S. Mechanical Engineering *GPA: 3.41/4.00*

- Relevant Coursework: Thermodynamics, Manufacturing Processes, Statics, Properties of Materials
- Dean's Honors List (Spring Quarter 2026)

PROJECTS

Fender Stratocaster CAD Model *SolidWorks*

- Modeled the neck, fretboard, headstock, frets, and inlays in a 4-person team to create a full-scale CAD model of a Fender Stratocaster electric guitar using luthier multi-view drawings
- Utilized lofting to form the tapered fretboard profile and fillets to create fretboard and neck radii
- Produced upper-guitar subassembly, applying constraints to mate to body assembly for the complete model

Ibanez TS9 Bottom Plate *FDM 3D Printing, SolidWorks*

- Developed a guitar pedal baseplate, optimizing fit and durability through testing and customer feedback, for secure pedalboard mounting
- Improved mounting strength and stability by adding material supports around screw contacts and incorporating an interlocking support hook with dual alignment features

Aluminum Gyroscope & Totem *HAAS CNC, Fusion360, SolidWorks*

- Machined gyroscope components and totem features using manual and CNC mills and lathes
- Generated CNC toolpaths and CAM setups to manufacture precision mating features for totem female connection
- Produced ANSI working drawings for totem design, detailing lathe, mill, and drill features for male connection

EXPERIENCE

Sales Team Lead / Field Sales Representative **July 2025 – Oct. 2025**
Supreme Essence Enterprises, Inc. *Salinas, CA*

- Represented national brands such as AT&T within Costco locations across the Monterey Bay region
- Trained new hires on sales pitch, quoting, and use of sales and quoting software
- Closed 60+ new cellular lines generating over $6000 in dealer commission
- Shadowed candidate interviews contributing to post-interview evaluations with hiring leads
- Served as a point of contact for team members with questions regarding customer needs and sales software

Freelance Jazz Guitarist **Sept. 2022 – Present**
Independent Contracting *Northern California*

- Performed professionally at 25+ venues, public events, and private wine events, for audiences of up to 250 guests
- Coordinated with event managers and musicians, organizing setlists, rehearsals, and live sound logistics

SKILLS & COMPETENCIES

CAD & Design | SolidWorks, Fusion360, Bambu Slicer

Tools | Excel, C++, MATLAB

Languages | Portuguese
